EXPERIENCE

HURON | WEB DEVELOPER | ASP.NET, REACT
August 2023 – Present | Bengaluru, IN

- Developed various API calls and optimized CRUD operations across shared and internal modules, ensuring efficient data handling and high-performance SQL execution.
- Configured and implemented roles and rights to regulate user access, ensuring each user was granted rights only to the data they were authorized to view.
- Contributed to developing migration calls for transferring records from **v10 to v12**.
- Optimized a complex SQL query to reduce API response time from 26 seconds to just 1 second for over **828,000 records** – a **96% performance improvement**, significantly enhancing system efficiency and user experience.

PROJECTS

PORTFOLIO WEBSITE | REACT.JS, TAILWIND CSS, VERCEL
January 2025 | Github | Live

- Built a responsive and animated portfolio website using React.js and Tailwind CSS, featuring sections for About, Projects, Experience, Education, Skills, and Contact.

PUNCHLINE & TAGLINE API | NODE.JS, EXPRESS.JS
March 2025 | Github | Live

- Fast and minimalistic Express.js API providing 1600+ jokes and 2000+ captions across various categories. Users can filter content by category. The API ensures quick responses.

FOOD ORDERING WEBSITE | ASP.NET, REACT, HTML, CSS
December 2023 | Backend | Frontend

- Developed a full-stack food ordering platform with user login, categorized menu, cart, and order placement features.
- Designed an admin dashboard that allows restaurant owners to manage orders, update menus, and monitor sales and revenue.
